

Dear Westminster Students, Faculty and Staff,

Good afternoon. I wanted to moment to reach out and let each of you know that I am pleased with the actions all within the Westminster community has taken to slow the spread or flatten the curve of COVID-19 during this unprecedented time. Please continue hand-washing, social distancing and staying home. These three things will help slow the progression of this virus and help healthcare agencies meet the demand for services in the coming months.

My purpose in reaching out is to remind you that we are available to assist with your health and emotional needs.

Students, faculty, and staff can set up healthcare-related appointments, even from home, if assistance is needed.

Appointments can be made for illness issues, medication refills, etc. Students can also reach out if they need support from our counselors. New appointments, as well as return visits for students, are welcome for counseling. These appointments will be accomplished via video chat or telephone.

Thank you all again for your patience and understanding during this time. We are here to serve you in whatever manner we can. If you have questions, please give us a call at 573-592-5361 or e-mail us at wellnesscenter@westminster-mo.edu

Best regards,

Kim Lorentz, RN, MSN, ANP-BC
