

319 W. 6th Street – Christian Leadership

B Level: \$4490/year

This two-story, red brick house has four bedrooms and two baths. There is another room that can possibly serve as a bedroom, but privacy and temperature are an issue. It also has a living area, dining area, kitchen, and basement. However, the basement should not be used for storage or living quarters. The house does have a small back porch that can be used for storage. The school provides a refrigerator, stove, oven, and washer/dryer. Parking is limited; however, there is a school-owned parking lot directly across the street. There are six phone lines and six network ports.

A minimum of four students is required for occupancy of this house.
