Visiting Professor: Morgan Rockett

The John E. Simon Department of Business offers core course work leading to a major or minor in Accounting. Course offerings in the accounting major prepare graduates for careers in accounting by helping them to create a base upon which continued lifelong learning can be built. Graduates are well prepared for continuing on to graduate or professional school, or for careers in public, private or governmental accounting. Basic courses are designed for non-majors as well as majors as students from many other areas will benefit from an understanding of accounting theory and practice.

Majors must have at least a 2.00 grade point average in all required Accounting, Business Administration, Economic, and Finance courses needed to satisfy major requirements.

If transfer credit is accepted for major requirements, indicate that acceptance by initialing the listing of the course on the requirement summary sheet. No more than 40 credit hours in Accounting courses may be counted toward the 122 credit hours required for graduation.
